EVARTS & BUTLER,

PROPRIETORS & MANUFACTURERS,

CHICAGO, ILLINOIS.

THE SMOOTHNESS OF THE WORK WHICH GIVES [illegible] Mill its superiority is produced by making the cut in the direction of the fibre of the wood.

The ease with which it works [illegible] in that direction gives it speed of execution and the flexibility of the single width [illegible] relieves the saw so that it may be ground thin on its edge so as to cut away but little of the wood.

The shingles now made with this mill in this market [illegible] seventy five cents per thousand higher than any other sawed shingles.

This mill is made entirely of iron—strong simple and of the best workmanship, easily worked, and not liable to get out of order.

MEDICAL.

DR. WEAVER'S

CANKER & SALT RHEUM SYRUP & CERATE.

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now [illegible] for [illegible] Eruptions, Salt Rheum Erysipelas [illegible] Ulcers Old Fever Sores [illegible] Head Scrofulic Eruptions, &c. &c.

Cases that the most eminent Physicians have despaired of relieving immediately yield to their curative powers and when used in accordance with the printed directions which accompany each bottle the Syrup and Cerate combined cure in [illegible] any of the above named diseases, and leave the sufferer without a blemish. These medicines are now well known to [illegible] more than a plain statement of facts. This joyful intelligence is reaching [illegible] daily in East West North and South, of the wonderful cures they are performing.

Hear what is said by those who have used these medicines.

The Rev Samuel H[illegible] of Palmer, Mass., says, "they have done more good than all the other medicines I have used for [illegible]."

Capt William [illegible] of [illegible] St. America State, says they have cured [illegible] Salt Rheum and Scald Head of six years [illegible] She was literally covered [illegible] is now perfectly cured by the use of the Syrup and Cerate.

D[illegible] of North Wardsboro, Vt. says "a Scrofulous [illegible] case of [illegible] and Scald Head in the [illegible] would have been [illegible] by the Syrup and Cerate.

E. V. August Bosley says that he cured the Salt Rheum in my lot.

J. Hamed Fraser Esq, editor of the Somerset Whig [illegible] says my mother has been completely cured of a severe case of Tetter of long standing, that had baffled the skill of the best Physicians.

[illegible] of [illegible] says, "I was completely cured of [illegible] after a council of the best Physicians in the county had pronounced the disease incurable (in my age which was seventy eight years) but Weaver's Syrup and Cerate did the work at once."

Elias Latham, Esq., of Orient, Long Island N. Y., says, I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn and Greenport. I have dieted and taken medicines enough to float a pretty large boat but they did me no good. I have taken your medicines one year [illegible] I am now able to work and sleep well [illegible] and my neighbors say I am the [illegible]."

The Rev J. S. Swan of New London says I have used the Syrup and Cerate in my family for more than [illegible] years and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success.

Ask Seth Prisbery of Taunton Mass., what the medicines will do, ask William Barber, of Three Mile Bay Jeff Co N. Y. what the syrup has done for him, ask G. F. & W. H. Boynton of Parkinsville, Vt. ask F. L. Kent, of Chicago, Ill. ask Martha Cottle, of Martha's Vineyard, Mass. ask Wm F. Kochler or Wm P. Benjamin, Esqs., of New London ask Dr H. M. Murdock, of Pulaski, N. Y. ask J. C. Smith, of Brooklyn N. Y., who was cured of Scrofula, after losing his legs by the disease and suffering for years, has been perfectly cured by the use of the Syrup & Cerate, ask Curtis Burrough, of Shelby N. Y., who has been cured of a severe case of Salt Rheum, ask Chas Akin of Home N. Y. what the Syrup and Cerate will do for Ulcers, ask Winslow and Slater Merchants Virgil N. Y. what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE.

TO THE MILLION!

READ AND JUDGE FOR YOURSELVES

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache make the hair soft, glossy, and wavy and preserve the color perfectly and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following.

CARLYLE, Ill., June 29, 1855

I have used Prof Wood's Hair Restorative, and have admitted its wonderful effect. My hair was becoming as I thought prematurely grey, but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE,
Ex Senator United States

VINCENNES, Ind., June 10, 1855

Prof O. J. Wood: Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative I will state for whom ever it may concern that I have used it and known others to use it, that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff and with one month's proper use will restore any person's hair to the original youthful color and texture giving a healthy soft and glossy appearance and all this without discoloring the hands that apply it or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair.

Respectfully yours
WILSON KING

A gentleman of Boston writes to his friends in New Bedford, thus:

"To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely but I found that before I had used the second bottle, (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change and have never seen anything like white hair starting from the roots and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish or ask.
Yours, &c., ———

July 1, 1854

GARDINER, Me., June 22 1855

Mr Dye. Dear Sir—I have used two bottles of Prof Wood's Hair Restorative and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear as my case was one of the worst kind.

Yours, &c.,
DANIEL N. MURPHY

ST LOUIS March 7 1854

Prof Wood—My hair commenced falling off some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines of the day but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders. I have now a fine growth of young hair and cheerfully recommend its use to all similarly afflicted.

A. C. WILLIAMSON,
2nd St. and Str[illegible]

ST LOUIS June 2 1850

Prof Wood—As you are about to prepare and vend your recently discovered Hair Restorative and as you request my opinion of it I will state that my hair was a few months ago, very grey and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled. I am prepared therefore to recommend its use to all who are desirous of having a beautiful head of hair.

I am sir, yours &c.,

Crippled with Rheumatism, Arm and Leg paralysed—No hopes of his recovering—Timely use of R. R. R.—A wonderful cure

LETTER FROM ISAAC HUDDLESTONE

Rapides Parish, La., June 10th, 1855

Messrs Radway & Co.,—Radway's Ready Relief has cured Peter May of Rheumatism, when there was no hope of his ever recovering. I heard of his situation and I sent for him. His right arm and leg was all perished. He had no use of them at all but by the use of your medicine, in two months he was carrying the mail from Cherryville to Burr's Ferry. I objected. He said he must do something for a living. It has been four months since he was cured. He is now well and working on his farm, and the whole cost of your medicine was five dollars.

AYER'S PILLS.

"*Wisdom shall bow down to it, and the great of the earth shall kneel before it.*"

Never could this be said with more truth, than it now applies to this remedy for affections of the Throat and Lungs. The exalted in learning and power acknowledge its supremacy while both the little and the great can feel its benefits. The liberal minded among those skilled to cure are free to own its mastery over diseases which have baffled their art. The chiefs of exalted stations are not ashamed to testify to its virtues, but deem it a duty and a pleasure to all us hold out the lamp of their experience to their suffering fellow men.

News of the Morning.

At 8 o'clock last night, the *Pacific* and *Persia*, from Liverpool, were not in sight at Sandy Hook. The former is sixteen days out, and the latter thirteen. The 12 o'clock report, yesterday, said that the *Union*, from Havre, was coming up the bay, but we have heard nothing of her news.

A correspondent of the N. Y. *Tribune*, writing from Fort Meyers, Fla., under date of Jan. 19, says that a party of 5 men were massacred by the Indians, while cutting wood.

A collision occurred on the Michigan Southern Railroad, near Hillsdale, on Tuesday night. Four persons were killed.

On Saturday a foot of snow fell at St. Louis. The Mississippi is frozen solid at that point.

Between Cairo and New Orleans navigation is suspended, a very rare occurrence.

The Frauds of the Late Canvass.

The people of this State have not failed to notice that in reply to the *specific* allegations of fraud, made by the Republican papers, the Barstow organs have hitherto maintained a significant silence. They have endeavored to ridicule the contest entered into by Mr. Bashford and his friends, as an idle "farce"; they have assailed with bitter invective Chief Justice Whiton, for administering ministerially the oath of office to Gov. Bashford; they have affected to question and propose to argue the *jurisdiction* of the Supreme Court in the premises; they have invoked "the law's delay" to retain Mr. Barstow in the post which he has usurped; but they have not disproved, or even denied the positive charges of fraud, again and again urged, with every circumstance of time and place, by the Republican *Press*. This suspicious silence, giving "consent" to these charges, has at length been broken by the "official organ" which begins to find, no doubt, that its own followers demand *some* answer to such accusations. Accordingly the *Argus* attempts to meet and refute the various specifications of fraud, heretofore noticed by us, as follows:

1. *The Waupacca Falls vote.* It is charged and proof will be offered, that saying nothing of *illegal* votes received at this poll, there was a *fraud of over four hundred* in Barstow's favor, in canvassing and returning the vote to the County Board. The *Argus* does not notice the specifications, or evidence heretofore published on this point, but roundly asserts that the vote was a fair one and "challenges the closest investigation." By all manner of means, let us have it.

2. The Supplemental Returns.—Four of these, it is charged, were deliberately *manufactured*. These are:

Spring Creek—Barstow's maj.		94
Gilberts' Mills	" "	39
Bridge Creek	" "	74
T. 25, R. 10	" "	76
Total		283

As to the first, the *Argus* considers the letter of Mr. Gray as settling the question that there was an election held at Spring Creek, and that the above was the vote cast. Now all that Mr. Gray stated, was, that he had procured an order for holding a poll in *another place* than "Spring Creek"; had sent tickets there; and had heard that the election was held there. *Per contra*, we have published the affidavits of the Clerk of Polk County (in which "Spring Creek" claims to be) that there is no such town in the county, and that no poll was held anywhere save at the precincts regularly returned. We have also the positive statement of the *Hudson Star*, a Barstow paper, published in the adjoining county to Polk, which pronounced the Spring Creek return as *fraud*. As to the other three, the *Argus* thus substantially admits their *bogus* character:

This reduces the alleged fraudulent votes to 189, in the three precincts of Bridge Creek, Gilberts' Mills and Town 25, Range 10. *About these votes, we have no knowledge*, except the statements of Mr. Bashford's friends, and having proved how false they were in relation to Spring Creek, we submit how much faith they may claim for the balance of their charges.

The evidence to prove these returns fraudulent is overwhelming. Indeed the *Argus* elsewhere gives them up, as follows:

The most errors or frauds that can be claimed, then, are these:

La Crosse,	45
St. Croix,	9
Bridge Creek, &c.,	189
	243

Having thus admitted "errors or frauds" to the extent of 243 votes (87 *more* than the declared official majority) in the State Canvassers count for Barstow, the *Argus* proceeds to hunt round for offsets. It claims 35 votes for Barstow in Lapointe and 53 in Buffalo—which were not counted—and repeats an old fabrication, thus:

Thirty majority for Bashford was counted in *Marinett*, Oconto county, where not a poll was opened, and no election was held.

And by this process, the *Argus* still keeps Barstow 52 ahead. It adds, by way of makeweight, some idle rumors that the Door County vote (51 majority for Bashford) was fraudulent; that the poll at Newport was not fairly conducted, and that votes were improperly allowed for Bashford in Rock and Dodge counties.

The only fraud charged is that in Oconto, and the *Argus* thus specifies in regard to it:

The vote of Oconto county, returned to the State Canvassers was as follows:

	Barstow.	Bashford.
Howard	66	2
Marinette	6	35
Oconto	60	61

Our correspondent assures us that the "Marinette" return was bogus, and we so believe, the *Sentinel* and its "Clarksville Postmaster" to the contrary notwithstanding. It will be recollected that the Appleton *Crescent* said a week or two after election that "*had an election been held in Marinette*, Bashford would have had a majority in Oconto county." This is significant.

Not half so "significant" as the following letter, written the day *after* the election, and published in the *Sentinel* of Nov. 15th:

CLARKESVILLE, Oconto Co., Nov. 7.

Messrs. Editors:—Here we are amongst the *inspected* School Lands:

For Coles Bashford, 35; Wm. A. Barstow, 5.

Yours, &c., J. H.

This, it will be perceived, is the identical vote returned as "Marinette," in the Oconto canvass. It is unquestionably a fair and honest vote.

The *Argus* ciphering, then, corrected, gives Mr. Barstow *two* majority over his competitor, and this is done by counting the fraudulent Spring Creek majority (94) and the Waupacca Falls ditto (454) as genuine and legal votes. We submit that the official explanation puts the usurper in a tight place, and will stimulate afresh the friends of Fair Play, in their efforts and determination to vindicate the purity of the ballot-box.

THE JANESVILLE DAILY FREE PRESS.—We learn that the regular publication of this new daily will commence on Monday next. As Janesville has a trade of considerable importance, it will be well for business men to make it a point for extensive advertising. This will soon become very necessary as an effort will be made to divert to Chicago a portion of that trade which now comes to Milwaukee, as soon as the C. St. P. & F. du L. R. R. is completed to that point. The *Free Press* is an excellent advertising medium.

FROM MADISON.

Editorial Correspondence of the Sentinel.

MADISON, Feb. 6, 1856.

Both Houses having, on yesterday, adjourned over to this afternoon, the members who remain are busy on Committee duty, or bringing up their arrears of correspondence, caused by the intense application to business of the past few weeks.

The apportionment work, which, it was supposed, would be the business of the session, is still kept back. Nothing can be done with it until the Census Report, by towns, comes in from the State Printer's Office; but this subject is completely overshadowed by that of the deficit in the State Treasury, which now attracts the attention of everybody. I doubt whether the joint committee will set about the work of investigation, for I do not see how it is possible for such a committee, in the space of even six weeks, or more, to make a thorough examination. Here are all the transactions of the Secretaries of State as auditing officers—all the money transactions of the Treasurers—and all the complicated doings and records of the School and University Land Departments—with their innumerable vouchers, &c., to be examined. How *can* such a committee attend to these things? Or, if they could do it at all, how can it be done, and attend to any other business for which members are sent hither? Is there any other reasonable method except the appointment of a commission of competent, unprejudiced men, sworn to do justice to the best of their ability?

What the deficit is, nobody knows, and all estimates of its amount are purely guess-work. I understand that Mr. Janssen, the late Treasurer, that wherever the money has gone, he has not taken it, but, on the contrary, that the Treasury is still in arrears to him for most of his last year's salary as well as for some $1000 or $1200 of fees, due him as School Land Commissioner.

The people must remember how, last winter, when the School Land Commissioners' Report appeared, it was found to contain erroneous errors, amounting to hundreds of thousands in acres, and many thousands in dollars, in the footings. Could such things be, if the books were kept in order? I don't believe it. There can be no doubt that there has been for long years, the grossest carelessness in the management of the State funds; and this fact is now admitted by even the strongest democratic partisans here.

It is a very melancholy circumstance that the democratic presses cannot, by diligent search among the records of the past, find a Whig Treasurer upon whom to lay the responsibility of a first deficiency. The *Argus* has done the best that it could in that way, by lugging in Ex-Gov. Farwell's name, in saying that there has been great carelessness in the management of affairs, "since Mr. Janssen's first term under Gov. Farwell." It is bad; but the democracy *must* shoulder the responsibility, whatever it be.

The doings in the Legislature this afternoon were of not much account. In the Senate, Mr. Harvey's resolution to have the Judiciary Committee enquire as to any frauds in the late canvass, and report necessary legislation to prevent frauds in future, was on the *tapis*. Mr. Hadley opposed, on the plea that the intent of the resolution was a partisan one. Mr. Taylor, on the other hand, maintained the necessity and propriety of the examination.

Judge Dunn opposed the resolution on the same ground as Mr. Hadley, and because the Supreme Court is soon to consider the subject.

Mr. Barber held that the circumstances now existing were sufficient ground for such an examination. There are now no laws to punish county officers for making false returns—none to *compel* Secretaries of State to record and make public the returns, which the law says they *shall* so record—none to punish false and forged supplement makers—none to punish for suppressed returns.—To provide suitable penalties, it is absolutely necessary that the Legislature shall, if possible, know of any frauds, and if any, *what* sort of frauds have been committed.

After further debate, the resolution was carried by 11—to 6, and soon after the Senate adjourned.

In the Assembly, Mr. Knowlton's resolutions were disposed of by a reference to Messrs. Knowlton, Mills, and Howe, three Republicans. The motion for this purpose was made by Mr. H. H. Gray, a democrat. Mr. Knowlton introduced a bill concerning fugitive slaves &c., concerning whose provisions I will look further.

☞A long debate occurred upon a resolution granting the use of the Hall to one "Professor Finney"—professor of the "spiritual humbug"—for a lecture on capital punishment. Mr. Burchard moved to postpone it indefinitely, and hence the debate. Among other speakers, Mr. Mills, who is decidedly in favor of the restoration of the penalty, favored the granting of the use of the Hall, on the ground that it would keep members from going to worse places. He suggested that lectures on the subject might be made very interesting, particularly if illustrated by *experiments*! The House refused to kill the resolution.

W. H. W.

Abstract of Legislative Doings.

MADISON, Feb. 7, '56.

The bill authorizing Secretary of State to audit the census accounts has passed both Houses.

The Report of School Land Commissioners is not yet given to the State printer.

In Senate, Mr. Fitzgerald introduced a resolution of inquiry as to permanent location of Deaf and Dumb Asylum.

Mr. Hadley, a resolution calling on judiciary committee to find out whether all the votes in the State were returned, and if not, what was done with them. Lost, 9 to 12.

Mr. Dexter, chairman of Committee on Enrolled Bills, using the words "acting Governor" in a Report, Mr. Dunn moved to strike out the word "acting." After debate, lost by 10 to 11. Mr. Sholes voting *aye* with 9 democrats, the rest Republicans.

A bill for destruction of Canada thistles is reported favorably.

A bill providing that the record of an assignment of a mortgage shall be sufficient notice to a mortgagor, passed.

Some dozen bills were ordered engrossed, and Senate adjourned.

Nothing of importance in the Assembly. The usual order of business gone through with, and a batch of bills ordered engrossed. The bill providing for standard weights and measures for the counties elicited considerable discussion.

No new developments as to the Treasury. Rumor tries to exaggerate, and to diminish, and to talk wise about the deficit; but Rumor knows nothing about it at all.

The Pacific Rail Road—Land Grants to Corporations.

The *Badger State* copies a brief paragraph from our comments upon Mr. Barstow's recent message, in which we took occasion to censure Congress for its neglect of the Pacific Rail Road, and professes to be quite pleased to see, "even at this late day," in the *Sentinel*, "a favorable allusion to the plan of General Government giving material aid to this great work." The *Badger State* might have seen similar "allusions," early and late in the *Sentinel*, for several years past, as we have always and earnestly insisted upon the right and duty of Congress to expedite, by all possible means, the construction of this great national highway. But the *Badger's* surprise is merely affected and put on with a view of making a foolish and false charge against the senior editor of this paper. This is, that two years ago, when a bill was pending in Congress granting to Wisconsin a portion of land towards constructing the *Pacific* Rail Road through this State, "the editor of the *Sentinel*, by every means in his power, sought to defeat the bill," and with the aid of his echoes, "a clique in Milwaukee" and "the complaisant Gov. Farwell," succeeded in defeating it. And then the *Badger State* sums up against us, thus:

Had state interests influenced the *Sentinel* and its allies, instead of narrow prejudices and personal animosities, it would not now have to complain that Congress has "shamefully neglected its duty and the public interest in this matter," and the great Northern route to the Pacific would have been in such a state of forwardness that the southern and central routes would have ceased to attract public attention and divide the energies of the people in carrying out this great national work.

But few words are necessary to repel this manifest falsehood. The bill to which the *Badger State* refers, granted some millions of acres of public lands in this State to a rotten corporation, ostensibly to aid them in building certain Rail Roads. We did oppose it with all our strength, and should do the same thing again to-day, and for the sufficient reasons, that we hold *all* Land Grants to private corporations to be unjust and impolitic, and that the particular corporation to be benefitted by the grant referred to, had forfeited all claim to such favors and was unworthy of trust, or credit. It was precisely because we *were* "influenced" by the highest considerations of "State interests," that we opposed this grant, and a better day's work was never done for Wisconsin than the defeat of the bill. It did not retard the building of the Pacific Rail Road one inch, or one instant; although it choked off a crew of greedy speculators, who expected to grow fat out of the pickings from the grant and whose disappointment still finds vent through such sympathizing organs as the *Badger State*.

Ed. Sentinel.

Desperate Affray in a School House.

The Lebanon (Tenn.) *Herald*, of the 24th inst., gives the following account of a terrible and fatal fight in a school room, in Wilson county, in that State:

"The most distressing homicide we ever heard of, occurred in this county, about seven miles northwest of Lebanon, on last Monday morning, a week ago, between Rufus Watson and his three sons on the one side, and two sons of John New on the other. The unfortunate difficulty occurred in a school room. Young New, aged about 19 years, was shot through the heart and expired immediately, and his little brother, some 13 or 14 years of age, was almost literally cut to pieces—receiving no less, we learn, than seven dangerous wounds, every one of them penetrating to the hollow. Strange as it may appear, he is still living, and hopes are entertained of his recovery. Rufus Watson received the contents of a pistol, loaded with bird shot, in the breast, but was not seriously hurt. The difficulty grew out of an old grudge that has existed between the heads of the respective families.

Watson and his sons were tried at Taylorsville on Friday last. On hearing the evidence the Court held them to bail in the sum of $4,000. One of the boys was bailed out; but the other two and the father failing to give bail, were committed to jail to await their trial at the next term of the Circuit Court.

THE CALAMITY AT WAUKEGAN.—The Chicago Democratic *Press* of yesterday contains the following particulars of the burning of Mr. PHILLIPS' house and the consequent loss of life life, mentioned in our telegraph column two or three days since:

"We are pained to learn that on Saturday night last, the house of Mr. Phillips, (Levi, our informant believes,) six or seven miles west of Waukegan, was burned, and that himself and daughter perished in the flames. The family consisted of Mr. Phillips, two grown up daughters, and a hired man. The fire took while all were asleep, and had made such progress that only one of the daughters and the hired man were able to effect their escape. Sad to tell, the former were so badly burned, and frozen afterward, that her recovery is considered doubtful, and she must be a cripple for life if she survives her injuries. She was alive yesterday, and the best medical skill of Waukegan had been called to her assistance. The hired man on escaping from the house, hastened to a neighbor's for assistance, but help came too late. Mr. Phillips was a very worthy man, and the calamity which has befallen the family has deeply saddened a large circle of friends and neighbors.

THE WASHBURNES—SURE FIRE.—A Washington correspondent of the Madison *Journal*, writing under date of Jan. 28th says:

"Among the most attentive members of the House are the three Washburnes, brothers, from Maine, Illinois and Wisconsin. They are up to time on every vote, and have become somewhat noted for their steady, persevering support of Banks. One day last week I was in the gallery, while the vote for Speaker was going on, and was considerably amused at a remark made by a gentleman sitting near me. The Clerk was calling the "Ts," and so far as could be judged, without a tally list, Banks was ahead. I expressed a hope that the Republicans would elect their candidate on that ballot, when the gentleman referred to—a Democrat, by the way—remarked, "I shouldn't wonder for a majority of the "W's" go for him; the three Washburnes are dead sure every time." But, said I, perhaps they are not here. "Don't you believe that," said he; "I have been here every day for the last six weeks, and it's always safe to give Banks three votes on the Washburnes before their names are called—just wait a minute." I did wait, and heard each Washburne answer "Banks," with a right good will.

SAD CALAMITY.—A private letter received in this city yesterday, brings the melancholy tidings of the death by freezing, of Mr. and Mrs. ROLF, of Cerro Gordo county, Iowa. They had been to a neighboring town, shopping, and on their way home, got lost in a snow storm, on the prairie. Mr. ROLF, who was an invalid, could not leave his sled. His wife, wrapping her shawl around him, unhitched the oxen, and followed them, as they trudged homewards, for half a mile, when she sank down in a snow drift and there died.—On the arrival of the oxen at the house, the neighbors turned out in search, and found both Mr. and Mrs. ROLF frozen to death on the prairie. Mrs. R. was a sister of Mrs. F. J. BLAIR, of this city, and much sympathy is felt for her sorrowing relatives.

FATAL RAIL ROAD ACCIDENT.—A collision occurred, near Hillsdale, Michigan, between the Express Trains, bound East and West, on the Michigan Southern Rail Road, Tuesday night last. A despatch received at Chicago says:

"The Express trains, bound east and west on the Southern road came in collision last night near Hillsdale, killing four persons, employees of the road—Van Alken, trackmaster; Whitman, baggageman; and two others, a baggagemaster and a brakeman. No passengers seriously injured."

The Chicago papers of yesterday morning contain no additional particulars; no train having yet come through from the scene of disaster.—The burning of our mail, elsewhere noticed, was probably among the consequences of this collision.

PRICES AND WEATHER IN THE PINERIES.—The Stevens Point *Pinery* of January 31st brings us the following items:

"Produce has come in plentifully the past week, and prices have fallen a little. Flour is worth on the teams about $6,00@$7,00. Pork per cwt., $7,00@$7,50. Oats 50c. Corn meal per cwt., $1,75. Hay $11,00 per ton. Lumber and shingles hold up. Boards $12,00, shingles $2,50.

"The weather is moderately cool, sleighing first best, and being improved to the best advantage.—We hear that about twenty thousand pounds of fresh and barrelled pork came into this market on the 28th. A great share of it, as of all other produce goes on up to Wausau. There is not an ounce of butter in the market; the last we heard about price, it was rated at THREE SHILLINGS per pound. An Editor who should [illegible] with any on his table should be sent to the asylum."

CHICAGO CHARTER ELECTION.—The Nebraska Democracy of Chicago have held a meeting and nominated the following candidates for City Offices: Mayor, THOMAS DYER; Marshal, J. M. DONNELLY; City Collector, OWEN MCCARTY; City Treasurer, O. J. ROSE; City Attorney, JOSHUA L. MARSH.

THE SNOW AND THE TRAINS.—The trains from the East, South and Southwest have been greatly troubled with the drifting snow—several of them being blocked up entirely. The train on the C. B. & Q. Railroad, which left Burlington on Monday, reached this city last night. The trains on the Central and Southern roads were not in when our paper went to press. They will probably be in this morning, however.—*Chicago Tribune, of yesterday.*

Trip to the North—Rail Roads—Stage Coaches—Fond du Lac—Oshkosh—Neenah and Menasha—Delays of the Law—Justice to a Pioneer.

CONCLUDED.

MENASHA, Feb. 4, 1856.

Mr. Crowley is enthusiastic in behalf of the natural resources of his thriving town, and omits no favorable opportunity in bringing its good points before the public, and I was happy to learn that his services were duly appreciated by the citizens of Menasha.

There are also some six or eight Hotels in operation here—the largest of which is the "Weeden House," by R. C. Weeden, being of brick, three stories high, and 41 by 61 feet on the ground, containing about 30 rooms and four parlors. An addition of 65 feet will be built next season of brick, 3 stories high.

The Empire Mills, on the same side, owned by Crookhite, Burdick & Co., with two run of stone, in the summer season is engaged principally in flouring for the eastern market, and averages about 75 bbls. per day.

They have erected a fine brick school house, two stories high, on the Neenah side, and the next season the people of Menasha design building one equally as good, of brick, two stories high, 60 by 60, and to cost about $5,000.

The Methodists have the walls about half up of a brick church, 40 by 50, to cost some $4,000. The Catholics have a frame up, situated on the Island, about midway between the two villages, capable of accommodating about 300 persons. The Congregationalists are also about building a church in Menasha, and have an audible and talented pastor on hand, in the person of Rev. T. Cook.

I noticed several fine residences on Doty's Island, among which are two fine cottage houses, in Gothic style, occupied by Judge Bryan, Register of the Land Office, and Mr. O. P. Clinton. Mr. H. A. Butts, formerly of Milwaukee, is also building a fine Cottage house, in which the residence, on the island, the main portion of the building being 32 by 36 feet, and equal to two stories high, with observatory on top, and balcony on three sides. A fine view of the lakes and surrounding country may be obtained from this house. Ex-Governor Doty's residence is also on this island, and consists of a block house.

The Government have just completed a Light House, located on a small island in the mouth of the river, which will be brought into requisition on the opening of navigation.

It is doubtless known to many of your readers that Mr. Harrison Reed, one of the early conductors of the *Sentinel*, was the pioneer of this region of country. Some thirteen years ago he purchased the improvements made on a large tract of land, then occupied by the Menomonees, and designated by the Government as a sort of Agricultural School for this tribe of Indians.—Mr. Reed entered his claim, and when the land came into market, bid it off. But, from some cause or other, those whom he had taken to be his friends, and with whom he had shared in his purchase, turned against him, and by every subterfuge which they were capable of bringing to bear in the matter, sought to take from him his whole claim, and embarrass him in such a manner that he would be glad to yield. Still Mr. Reed, confident in the justice of his claims, held on occupying a comfortable blockhouse built for the Indians, and overlooking a beautiful bay, as can be found on Lake Winnebago, with not a neighbor for several years but the dusky Menomonee, and still holds on, occupying the same house for thirteen toilsome years, until his hair is beginning to be silvered o'er with age.

At length, finding his foes unwilling to yield to the terms stipulated in their contract, he commenced a suit by injunction. This they got dissolved, and the case went before the Supreme Court, which after many delays, has been brought to an issue, and Mr. Reed's title, as intended in the original contract, has been confirmed in every particular. He now only awaits an examination of accounts before a Commissioner which is to come off in a few days, to put him in possession of one quarter of his original purchase, which will embrace one-half of the water power and a great portion of the village of Neenah. Although the best of his days have been spent in a vexatious and costly litigation, it must be gratifying to himself, and to his family and friends, to think that although justice is sometimes tardy, yet in the end it is pretty sure to come and bring with it a rich reward for honesty and manly perseverance.

A weekly paper is soon to be started here, devoted to the local interests of the place, as it ought to be—*one* and *indivisible*,—and not to the perpetuation of petty jealousies, and unprofitable rivalry. The Prospectus is already in the hands of the printer, and negotiations are in progress for the necessary material to issue a first class seven column paper.

The Rail Road, connecting this village with Manitowoc, 42 miles, is under contract, the whole to be completed within a year, and it is being pushed forward with vigor. About 11 miles are already graded, and the whole route is represented to be very favorable for building a road.

This, when the Lake Shore is completed to Manitowoc, will put this place and the rapidly increasing business of the Lower Fox and Lake Winnebago in immediate connection with Milwaukee.

The agricultural interests of this section seems to be in a thriving condition and the markets remunerative. I noticed at the Empire Mills, a day or two since, that Club wheat was selling for $1,26, and it has been some 15 cents higher. Corn brings 80 cents, at the mills, while Oats are held at 56c. Potatoes are 50 cents, and Beef and Pork ranges from $6 to $8.

Village lots, 60 by 160, can be obtained at from $250 to $1,000, according to location, and land in the vicinity is worth from $15 to $40 per acre. There is but a very little Government land in Winnebago county, and at the Land Office here seems to be thronged daily with applicants for lands in this district.

The population of Menasha at the last census, was 1,264, while that of Neenah was 1,074, and the two combined making a busy little town of 2,338. This population, from present appearances, will nearly double in the year to come.

The DeBar Tragedy.

WESTBEND, Feb. 1, 1856.

MESSRS. EDITORS:—Enclosed please find an article, containing an answer to WM. P. BARNES. You will much oblige me by inserting the same in one of your next numbers, because I learned that you published the communication of said BARNES.

I remain, very respectfully,
Your obe't serv't,
B. SPINHARNEY.

MESSRS. EDITORS:—In a No. of the *Sentinel* undertook an individual, commonly known as "Windy Barnes" to assert, that in the deplorable DeBar's case the authorities had refused to do their duty, and that he, the said Barnes, had presumed to take it upon himself as a private citizen, to carry out the necessary acts.

Mr. Barnes is a notorious liar; and to show that he is guilty of an infamous falsehood, (and not for my own justification) I will state that Mr. Barnes, on that unlucky day, was appointed special Police officer, and that he was specially ordered by me to perform the services designated by him, in his communication.

The contents of the communication of Mr. Barnes shows sufficient the lowness of his character, and for to give a little comment upon the remark, that Mr. Barnes was one of those citizens who respected law and order, and who encouraged the excited populace to hang the murderer DeBar; that he is one of those "good citizens" to whose advice many fathers of families are indebted, that they lost their quiet conscience, thus rendering themselves and families unfortunate. It is blasphemy for a man like W. P. Barnes to speak of "humanity" and "law and order;" he who was a member of that legislature that abolished capital punishment, and made it his especial business to excite and encourage the uneducated populace to lynch the murderer DeBar. I admit that I am somewhat the culpable in vesting such an individual with the power of an officer but after thinking the matter over at that time, I concluded this was the only way to make that hazardous ringleader quiet.

B. SPINHARNY,
Sheriff of Washington Co.

WEST BEND, Feb. 1st.

BARTON, Feb. 4th, 1856.

Messrs. Editors:—Enclosed please find the second editorial on the short and truthful communication written by me, and published in the *Sentinel*. It is strange that the Washington Co. *Democrat* does not show some thing false in said communication, instead of resorting to personal slang. Every word in that communication was true, and every honest man in this part of the county knows it.

Yours in haste,
WM. P. BARNES.

(We do not publish the article from the Washington County *Democrat*, for the reason that it does not touch the point in dispute, and is, indeed, a mere invective against the *Sentinel* and Mr. BARNES.—*Ed. Sentinel.*)

[For the Sentinel.]

The Grand Jury.

On Monday next the Grand Jury of this county are summoned to appear, and, on that day, will, doubtless, be charged by his Honor, Judge Hubbell. The institution of a Grand Jury, originating in one of the dark ages of Great Britain, is more in harmony with the darkness and secrecy of those times than the open day administration of American justice, and is not consonant with the rights of American citizens. A secret body, organization, or institution, which has for its avowed object the administration of justice, is ever looked upon with distrust; it clashes with the nobler sentiments of man, and is at war with his instincts of justice. A secret body of men, sitting with closed doors—locked—the very keys forbidden to be turned, except by the hands of sworn officers; the members of the institution sworn to secrecy and silence, while passing upon the lives, the properties, and the characters of their fellow citizens; and in the stillness of their inquisitorial chamber, acting within the legalized pale of their office, held by the law to be unaccountable, irresponsible for the irreparable injury they may inflict upon a fellow creature, totally unanswerable to any human law or earthly tribunal—their action is solely between themselves and their God. A majority of them may be Atheists—it would not debar them from sitting. In the name of justice, to whom are they responsible? Yet such is the institution of a Grand Jury.

The evidence submitted to a Grand Jury, is in nine cases out of ten, *ex parte*, solely on the side of the prosecution; the presented one sitting in the bosom of his family is having his character traduced, his fame of years, of a life time perhaps, blasted; his property, the earnings, the economized toilings of the best part of his existence endangered, his life placed in jeopardy; the accused is ignorant of all these proceedings; he is not permitted to hear them, he cannot answer them, he is debarred from refuting them; and yet it is claimed that *this* is one of the incipient stages necessary to the administration of justice, a traditionary heir loom of our forefathers; a presentation by our peers. Is there any proof that a man indicted has been presented by his peers—his equals? Has he any opportunity of challenging them, objecting to them, of showing to the satisfaction of a court or to the world, that a number of them have been guilty of the most abominable crimes, have been inmates of a State Prison, felons, murderers, perjurers; (such men have sat as Grand Jurors,) or that the witnesses brought to swear away the presented one's life, character or property, are actuated solely by hatred, envy, or malice? No! It's all secret; justice cannot meet the light; it must have been in the Grand Jury room where the bandage was first placed upon the vision of the Goddess; and it has remained there.

But that there is the least necessity for a Grand Jury (except to give employment to a number of idlers, politicians or demagogues, and to increase county expenses) we flatly deny; and we challenge proof to the contrary. We may be told in reply that its necessity is created by the constitution, so it is. But there is a way to remove that provision; it is not beyond the medical skill of a legislature, they need but touch it with their caustic wand and the corrupting spot is killed. Constitutions like other instruments may be improved, altered, modified, changed, whenever the public good or the ends of justice may demand it. And even without touching the constitution, there is, if not a possible, at least an almost certain remedy, it is this:—let the Grand Jury, if there must be one kept up, *because there has been one*; and that is all the reason we have ever known for the existence of one in our life time—let then the Grand Jury, *acting under the instructions of the Judge*, refuse to hear complaints unless they shall have been *first passed upon by an examining magistrate*. And as it is far better language than any we can use we append a portion of a charge to a Grand Jury by a Judge of New York city, together with his remarks upon *having the names of all the witnesses endorsed upon the indictment in order that a party may know who his accusers are*; a rule so fair that it should prevail in every court of justice. Coming as the remarks do from high authority we bespeak for them a careful reading.

"It is my conviction—and I am free to express it—that in case of alleged individual wrong doing, such as charges for larceny, forgery, false pretences, and all other (except capital) felonies, with every kind of misdemeanor, where the accused may be arrested upon a warrant by any of the criminal magistrates of the City, the complainant should not originate his proceeding before a grand jury, but be required to pursue the course the Statute has in such cases provided. Let him go first before one of the police justices of our City—a class of public officers with extraordinary powers specially created for this very service, and who, it is to be presumed, are of intelligence, integrity and judgment equal to the importance of their place and duty. If sufficient cause exists the accused may be apprehended—and it is only when arrested in this way that the defendant is afforded an opportunity to exercise the right, so essential to the innocent and due to all, of examining the complainant and his witnesses, and of producing evidence in his own behalf. If it appears to the magistrate from all the testimony in the case that an offence has been committed, and that the accused is probably the offender, the prisoner is bound to appear at this Court, and the accusation with all accompanying papers and proofs certified to you; and it is here gentlemen, that your powers and functions obtain and interpose, not to originate criminal prosecutions, but to review the action and judgment of primary magistrates, and out of your superior wisdom to determine whether the party charged ought in truth and in justice to be placed at the bar of a criminal court to the hazard of his liberty, or perhaps the peril of his life. It is this high prerogative and important power that renders your institution of so much interest and concern to the public—so important for good when composed of good men, so fearful for evil when otherwise constituted.

By any other general course of proceeding than this a Grand Jury becomes what you and I, gentlemen, know to be most repugnant to the American people—a secret inquisitorial conclave of criminal accusers touching the lives and liberties of others, who nothing know of their silent and hidden proceedings until placed in the felon's dock of a criminal court for trial; with no means of knowing of what they are accused, except that among the Latin terms and legal phrases employed in the useless subtleties of an indictment may be found some peculiar technical formula expressing the legal definition of an offence with no certainty of time when the crime charged is alleged to have been committed, except that it was a day (any day) within three years next preceding; nor any information where it was perpetrated save in the same county in which the indictment was found. No, gentlemen, the spirit of the time and public sentiment, not more than a fair and impartial administration of justice between man and his fellow, imperiously demands that you shall be and remain a pure and powerful umpire for truth and the right as between accuser and accused, in all cases for the administration of the criminal law that may be presented to you by the responsible public authorities of the city.

All indictments found by you must be endorsed by your Foreman as true bills, and by him in your presence presented in open Court, by which they become public records forever. It is the instruction of the Court that you will endorse the names and residences of all witnesses examined by you, upon the indictment, in the case of every bill you find, to the end that the accused whose life or liberty is involved may immediately know upon whose testimony it is that he is to be placed at the criminal bar, and upon whose evidence it is proposed to consign him to a felon's prison, perhaps a felon's death.

I know this is not the present practice in this State, and that the contrary to this instruction has been most carefully observed in this city, as well in the Oyer and Terminer upon indictments for capital offences, as in the General Sessions in all other cases. It is, however, as well the opinion of the present learned District Attorney, (I am allowed to say,) as it is the sense of this Court, that the ends of public justice do not require that the men and means by which a party is to be prosecuted for a criminal offence should, after indictment, be concealed from the defendant until the hour of his trial, and then suddenly spring upon him to his utter confusion and overthrow, with no time or opportunity to contradict perjured testimony or impeach the character of false witnesses, nor to dispel or explain criminating and mysterious circumstances. Next in importance to the prisoner knowing what the charge is, comes the importance of knowing what makes it. Of so much justice to the defendant is this held to be in England, that upon crimes of the greatest possible importance, it is within the discretion of the Court to allow the Crown to place witnesses upon the stand who had been examined by the Grand Jury, unless their names were endorsed upon the indictment.

This rule is so fair and just to those indicted for criminal offences that it ought to obtain in this Court."

PUBLICOLA.

A Card.

To the people of the State of Wisconsin:

After serving as your Treasurer for the space of four years, I find on a partial examination of my official accounts, which examination is not yet fully completed, a deficiency which may amount to, but cannot possibly exceed, the sum of eight or nine thousand dollars. I am confident that further examination will show the deficiency to be considerably short of that amount.

Absence from the Capitol, occasioned by the pressing demands of private business, and sometimes by serious domestic afflictions, has prevented me from giving that attention to the affairs of the office, which my duty and the interest of the public demanded. But I can assure the people of the State that neither they nor any official bail shall suffer the loss of a single dollar through any act of mine. My private means are ample to meet the emergency, and shall be cheerfully devoted to the payment of any balance against me, which may be finally ascertained. I only ask for a suspension of public opinion and a little time in which to exhibit the facts of the case, and effect a just and honorable settlement.

EDWARD H. JANSSEN,
Late State Treasurer.

MADISON, Feb. 6, 1856.

DIED.

At Morrisiana, Westchester County, New York, on Monday, January 21st, Mrs. ANNE AKERLY, daughter of the late Christopher Niebuhr, and wife of the Rev. Benjamin Akerly, formerly Rector of St. Paul's Parish, Milwaukee.

Many a heart will sink with sorrow at the above announcement—sorrow for the loss of one exceedingly beloved by those that knew her, though all will feel the loss to be her gain. And sorrow, also, for him to whom she was a heart companion and "help-meet" indeed, and who, though no longer in our midst, has left many a warm heart behind him who can not only rejoice in any joy of his, but weep the tears of unfeigned sympathy in his hour of mourning for such a loss as this.

At Hustisford, Dodge County, Wis., January 4th, of quick consumption, JOHN PERSONS, aged 25 years 8 months. The deceased had been for two years or more in the employ of Jones Heirs, Esq., as head miller, and leaves a young widow and a large circle of relatives and friends to mourn his loss.

☞ For the benefit of the invalid portion of the community, we extract the following from the Almanac of Dr. C. M. Jackson, proprietor of *Hoofland's German Bitters* hoping it may induce a trial of them:

SHEFFIELD, Ill., March 19, 1855.

J. C. NILES says:

"I expect to sell great quantities of your Bitters this year. Many of my customers speak very highly of its good qualities, having proved itself most an *excellent Fever and Ague preventative, a great purifier of the blood*, and the very best thing on record to aid digestion and create a good natural appetite. In short, I am ready to say it is the very best medicines known for family use, being safe and pleasant for any one to take."

O. L. D. CROOKWELL says.

ANAMOSA, Iowa, May 1, 1854.—"The Bitters give unbounded satisfaction to all that have used them, and I do and can always recommend them to all that are afflicted. They have cured many cases of Dyspepsia, some of them where hundreds of dollars have been spent for remedies which afforded no relief, and were considered incurable until they used the Bitters." Building Lots in Bradley & Metcalf's Addition.

WE ARE NOW offering for sale at the southern extremity of the city some of the most beautifully situated sites for residences to be obtained in Milwaukee. Extensive views of the bay, harbor and surrounding country may be had from many of the lots, and for health, purity of air and water, and general eligibility of location, are not equalled in the city. A portion of these lots are rendered still more desirable from the fact of their being on them a great variety of the choicest fruit trees many of which, having been planted by a former proprietor, have now attained their full size, and are annually carrying large crops of the most delicious fruit.

Strangers and others desiring a location for a dwelling possessing the advantage above named, may learn further particulars by applying to
Sept 6-6m BRADLEY & METCALF.

Letter from Hon. John Minor Botts, of Virginia.

Richmond, July 9th, 1855.

Messrs. Wm. S. Beers & Co.,

Gentlemen:—Considerations of duty to the afflicted alone prompt me to send you this voluntary testimonial to the great value of CARTER'S SPANISH MIXTURE, for that almost incurable disease, Scrofula.

Without being disposed, or deeming it necessary, to go into the particulars of the case, I can say that the astonishing results that have been produced by that medicine on a member of my own family, and under my own observation and superintendence, after the skill of the best physicians had been exhausted, and all the usual remedies had failed, fully justify me in recommending its use to all who may be suffering from that dreadful malady.

I do not mean to say that it is adapted to all constitutions, or that it will afford the same relief in all cases; for of course, I can know nothing about that—but from what I have seen of its effects, I would not hesitate to use it in any and every case of Scrofula, with persons for whom I felt an interest, or over whom I could exercise influence or control. Respectfully yours,
jan22 JNO. M. BOTTS.

For the Daily Sentinel.

To my Soul.

Whither dost thou aspire
My Psyche, restless winged? whither art wending,
Unto what far off bourne art sending
Insatiable desire?

Unsteady is thy way—I
Now to the height of some proud fane thou'rt sailing
Anon upon the dust thy soiled wings trailing,
Now drooping and now gay.

Rest from thy ceaseless toil,
Nor by the sad share thou had wish'd dominion,
Then gently fold thy weary pinion,
Rest thee in peace awhile

Here in this vale's soft gloom,
Far from unmeaning tumult, heat and glare,
Bathing their petals in the dewy air,
Serene eyed violets bloom

Bid thy vain dreams be gone,
And lullaby look above for vision holy—
It was on watching shepherds, patient, lowly,
Celestial glories shone

So shall thy wanderings cease,
And on thy path a quiet radiance streaming
Guide thee for thy wayward earthly dreaming,
So shalt thou find last peace

Police Court, February 7.

John Holmes was fined $1,00 for being drunk; Anton Cooper, for a like offence was fined $1,00; Bartholomew Welsh, for leaving his team unhitched was fined $2,00.

CHALLENGE FIRE SAFE.—Messrs. HORNBACH & WAGNER have just completed a new and highly improved Patent Fire Safe, to be called the Challenge Safe. Yesterday we took a good look at one of these Challenge Safes, outside and inside. It appeared to us that this safe possessed some advantages not claimed for any other that we have heard of.

The safe or the walls of it, are six inches thick, the filling, which is impervious to heat, is solid, and hence there can be no settling or falling of the filling from removing it, or from the expansion or contracting of the outer iron by heat in a fire. Another advantage in the construction, is a plan entirely new, that is upon each edge, top and bottom, of the Safe there are three flanges, each of five-eighths thickness, the object of these is that should any heat enter by the door cracks, the heat has to fall three separate times before it can reach the interior of the safe, where it is met by two more iron doors ¾ of an inch thick the tendency of heat being to ascend the object and the advantages of the flanges will be manifest.

In the interior arrangements of the Safe there are several advantages over any other Safe we have seen, one of which is the small fire-proof closet, air tight, when closed.

The locks are powder-proof and burglar-proof, and an approved plan of shutting off the key hole entirely by a secret spring, which completely prevents the introduction of a pick of any kind, the plate that shuts off the hole being of case hardened steel, so that it cannot be drilled.

One of these Safes will soon be publicly tested, when the public will have an opportunity of exercising their own judgment.

They are manufactured in this city and E. Schumacher two doors North of the Post Office, is the Agent for their sale. One of the Challenge Safes can be seen at their store at present.

LA CROSSE AND MILWAUKEE RAILROAD.—At the annual meeting of the Stockholders of the La Crosse and Milwaukee R. R. Company, held in this city on Wednesday, the following gentlemen were chosen Directors for the ensuing year:

BYRON KILBOURN, EDWIN TOWNSEND, JAMES LUDINGTON, H. GOODRICH, MOSES KNEELAND, STEPHEN H. ALDEN, MOSES M. STRONG, SAMUEL L. ROSE, R. S. KNEELAND, HUGH McFARLANE, CHAS. A. STEVENS.

At a subsequent meeting of the Directors, the following officers were unanimously elected.

President, BYRON KILBOURN; Vice President, MOSES KNEELAND; Secretary, LEVI BLUNELL; Treasurer, JAMES LUDINGTON; Attorney, MOSES M. STRONG; General Agent, STEPHEN H. ALDEN.

Judge ROSE, of Beaver Dam, was first chosen President but declined, on account of his health. Mr. KILBOURN was then prevailed upon to accept the office.

EXCHANGE AND BANKING HOUSE AT BEAVER DAM.—Messrs. HAVENS, THOMAS & Co. announce, through our advertising columns, that they have opened a Banking and Exchange Office, Land Agency, &c., at the flourishing town of Beaver Dam, which is soon to be in direct Railway communication with Milwaukee. Beaver Dam is an important point, and any business entrusted to Messrs. HAVENS, THOMAS & Co., will meet with prompt attention.

STOVES AND HOLLOW WARE.—Messrs. H. W. GOODRICH & Co. have taken the store No. 225 East Water Street, nearly opposite the Walker House, and filled it with an unusually large and well selected stock of Stoves and Hollow Ware. Some of their Stoves for neatness, compactness and useful qualities, cannot be excelled.

LIABILITIES.

Unsettled claims for Losses and not due $176,052 47

The Ætna Insurance Company presents its patrons the very satisfactory condition, of a large increase in Cash Assets, for the further security of their policies—all our investments being placed at the *maximum* market value, at the present time of some depression in the standard of same. They are either prime dividend paying stocks, or good, valuable and clean investments, yielding moderate interest and income. The standard basis on which the Assets have been valued, being *sold at interest.* Besides this solidity, the Company call attention to the strength and security it derives from its combined system of Agencies, through its agents having the means of presenting a united phalanx of *experienced Underwriters,* which has worked, for thirty-seven years, the happiest results to stockholders, and claimants for losses—and enables it to enter the year 1856, with greater prestige for future usefulness, than has yet been reached by a really *National* Insurance Corporation.

All business attended to with despatch and fidelity.

SIX O'CLOCK REPORT.

Congressional.

WASHINGTON, Feb. 7.

SENATE.—Mr. Cass submitted a resolution directing the Court on Naval officers to consider the expediency of an increase in the Navy.

Mr. Bayard introduced a bill providing for the public printing, engraving and binding.

The resolution directing the committee on finance to prepare and report the general appropriation bill, was considered.

Mr. Seward said that since the foundation of the government no appropriation bill has originated in the Senate. It was an ancient and established principle that the money of the people shall not be drawn from the public treasury, without the consent of the representatives of the people. This conservative feature borrowed from the British constitution is necessary to secure public liberty.

Mr. Hunter denied that there was any difference as far as the question of power was concerned, between bills for the relief of individuals and general appropriation bill, if the Senate could originate. The French spoliation bill, appropriating a million of dollars, was not for the military academy. Messrs. Toombs and Toucey supported the resolution. Messrs. Sumner and Wilson approved.

Mr. Sumner Said it was an opportune occasion to propose such a great change for the first time, when the popular branch of Congress promised to differ from the Senate on great questions of national policy. The resolution was adopted. The object being to prevent a bill involving millions being acted upon at the close of the session without being read. Senate adjourned till Monday.

HOUSE.—Mr. Grow gave notice of his intention to introduce a bill to secure homesteads to actual settlers.

Mr. Millson gave notice of the introduction of a bill to repeal the act authorizing the establishment of the Naval board.

The Speaker was authorized to appoint standing committees.

Mr. Pennington from the joint committee, appointed to wait on the President, reported that the latter had expressed his high appreciation of the courtesy.

HOUSE.—Mr. Campbell, of Ohio, moved a reconsideration of the resolution for election of printer. Agreed to by 102 against 81.

Mr. Campbell of Ohio made an ineffectual effort to consider the Senate joint resolution for the relief of the poor of Washington and Georgetown.

The question recurred on the resolution forthwith to proceed to the election of printer—pending which the House adjourned till Monday.

WASHINGTON, Feb. 7.

The Tank ship in the Washington Navy Yard was accidentally destroyed by fire this morning. The estimated loss is $6000.

SANDY HOOK, Feb. 7.—9 P. M.

The weather is clearing up a little and we can see ships, but there is no signs of the Pacific, now on the 16th day out, or of the Persia, now in her 13th day.

WASHINGTON, Feb. 7.

A copious rain commenced falling early this morning, causing a thaw of snow, and rendering travelling very bad.

BALTIMORE, Feb. 7.

Snow and sleet commenced falling early this A. M., which has since changed to rain, and continues to fall heavily.

The necessary funds subscribed by our merchants for a strong effort to cut an outlet through the ice blockading our harbor channel is to be commenced immediately, and navigation will probably be resumed in a few days.

TOLEDO, Feb. 5

A fire last night on Summit street, consumed the grocery store of Webb & Worden, blacksmith and wagon shop of V. Wall, shoe store of P. Redding, saloon of P. Zegen. Total loss $6000. Insurance $3000.

NEW YORK, Feb. 7.

GREAT BRITAIN AND THE U. S.—The Herald's Washington correspondent telegraphs: Letters received by the Arabia's mails at the State department with reference to our foreign relations indicate an amicable tendency. Nothing definite, however, had been determined on, and will not be until the despatches sent by our Government have been received, and action taken thereon by the English Government.

Howell Cobb and James L. Orr left here yesterday for New Hampshire. They propose stumping that State.

A telegraphic despatch received from Austin Texas, says that the Texas debt bill has passed.

The Herald's correspondent on board the U. S. ship Savannah, written on the 13th of December, off Rio Janeiro, states that during the late disturbances in Montevideo, an American force was landed from the ships Germantown and Bainbridge, in order to protect the lives of our citizens.

The difficulties between Brazil and Paraguay, were not settled, but Don Pedro was anxious for a fight, if the troubles could not be amicably adjusted. At Rio, the weather was warm. Health of the port good.

The Tribune's correspondent telegraphs: Mr. Buchanan's letter by the Arabia, represents the state of feeling in the British ministry very sensitive on our relations.

He had read the request for Mr. Crampton's recall 14 hours before the sailing of the steamer, but had not presented up to that time, consequently no intelligence is read of its effect.—Mr. Buchanan was informed however that a positive demand was dispatched on the probable course here on Enlistments, and had doubtless sounded Lord Clarendon.

Mr. B thinks there is reasonable grounds for expecting peace on the propositions presented to Russia, but our other ministers do not express the same confidence or hope. The present plan is regarded by them as a means of preparation by Russia.

NEW YORK, Feb. 7.

INDIAN-WAR.—A letter in the Tribune from Florida, dated Fort Meyers, Jan. 19th, says: An express has just arrived from Fort Degrand with news of another Indian outbreak. A party of wood cutters consisting of a corporal and five men were fired at by 20 Indians, four miles from the Fort. One man only escaped, slightly wounded. The rest were massacred, and 12 mules killed. Lieut. Larned directly went in search of the savages, but, though he scoured the country around, no sign or trace of them could be found.

ST. LOUIS, Feb. 7.

A foot of snow fell here yesterday. Weather moderating, there are indications of a general thaw, but no hopes of the Mississippi opening for two weeks to come. Railroads all open in this vicinity.

SANDY HOOK, Feb. 7.—12 M.

Steamship *Union,* from Havre via Halifax and Newport, is in sight. Steamships *Pacific* and *Persia,* from Liverpool, not yet signalled.

VALENTINES

AT

The Comic department especially embraces many nove inventions.

State of the Rivers—Prospects of a Break Up—Raining at Cairo.

It is now more than forty days since ice in the Mississippi put a close to navigation at St. Louis. Throughout the whole southern country the winter has been unprecedentedly severe, and some rivers have been frozen over for the first time within the memory of man. It is of rare occurrence that the ice in the Mississippi reaches south of Memphis. This winter we have had accounts of its passing Natchez in lumps fifteen inches thick. In fact navigation has been almost entirely suspended between Cairo and New Orleans since the first of January. The few boats that have attempted the passage within that time have been from ten to fifteen days making the trip. There are now nearly thirty boats laid up at Cairo, waiting for a thaw; and at the latest New Orleans dates there were about forty Upper Mississippi steamers lying there for the same cause, besides a large number at the different towns and landings between the two ports.—Heretofore navigation between Cairo and New Orleans, during the winter months, has been attended with scarcely any difficulty.

The Ohio River has been closed to navigation above Smithland for more than a month.

The Tennessee River was full of floating ice at Paducah last week, and navigation much obstructed by it. The same was true of the Cumberland River at Nashville. It is very rare indeed that navigation is seriously hindered on these rivers by ice.

At St. Louis the Mississippi has steadily receded for some weeks, and indeed it is reported low and falling all the way to New Orleans. The Ohio has been slowly rising at Louisville for some days.

Since writing the foregoing we have been permitted to copy the following dispatch from the agent of the Illinois Central Railroad Company, at Cairo, to Mr. Done, Superintendent of the road, by which it will be seen there is a prospect of the speedy breaking up of the ice blockade.

CAIRO, Feb. 6th.

J. H. Done.—Raining hard. Five inches snow on the ground. Our business holds good. Freight off our hands promptly. Freights are high, and but few boats running. Trains on this division generally on time and well loaded.

ABBOTT.

—*Chicago Tribune,* Feb. 6th.

ABOUT THE LUMBER AND THE RIVERS.—No subject equals these in importance, or so much interests our home readers. The product of the staple on this river the ensuing season, will quite reach one hundred millions. The manufacture of the article has come to be a regular business, systematized so that its cost per M. can be readily computed. The remaining difficulty in the business is the getting it to market—the running of it out. The Wisconsin River, from Virgin Falls to Pointe Bas, abounds in rapids and shoals, the navigation of which is difficult and hazardous, and on which much lumber is destroyed annually; besides which,(and this is the most serious of all) for a great part of the season, they cannot be passed at all owing to the low water. Great efforts have been made, and much labor and money expended in nearly fruitless endeavors, so to improve these numerous rapids by deepening the channel, removing rocks and other obstructions, as to enable rafts to be passed at all stages of the water. A new plan for the accomplishment of this desideratum has lately been proposed, which seems to promise success, to-wit: the construction in the upper part of the stream, by means of dams, of large reservoirs, to be drawn off as occasion, or low water may require. This scheme, we are glad to assure our readers, is about to be tried. Several gentlemen, of means equal to their enterprize and energies, are making preparations to test the matter, at least so far as the building of one or two dams may do it. A partial examination, as high as Eagle River, (T. 36) has been made, and more extended ones will be made next month. We are not permitted to name parties to-day, but may say that some gentlemen of high character, and comprehensive means from one of the Eastern States, are associated with several of our most active citizens in Portage and Marathon counties in this praiseworthy undertaking. We have not time or room to say more to-day, but shall allude to the subject again soon.—*Stevens' Pt. Pinery,* Jan. 31.

THE ELECTION FRAUDS.—The *Weyauwegan* commends the vote of Senator Smith of that District, in favor of calling for the returns of the State canvass, and adds:

Of the twelve Democratic Senators *ten* did not wish to have the matter examined nor have the people see the mysteries of the Canvass.—That Mr. SMITH was not one of that stripe we are glad; for among the frauds that would have been exhibited by that examination, the most glaring and stupendous were perpetrated in this county, at the village of Waupaca Falls, and for Mr. Smith to have voted in the negative would have looked bad to say the least of it. This county fears no investigation, but courts it, notwithstanding the great notoriety it has gained by the double dealing of Waupaca.

PIANO FORTE TUNING AND REGULATING.

THE SUBSCRIBER, having engaged the services of Mr. E. T. HURLBUT, a competent and experienced tuner, is now prepared to attend to all orders with which he may be favored. The following testimonial to Mr. Hurlbut's capability is from the director of the celebrated Germania Musical Society.

...AGO, March 27, 1855.

It is with much pleasure that I commend Mr. E. T. Hurlbut as a Piano Forte Tuner and regulator. To say that he is an excellent tuner, would not be doing him justice, for I can without hesitation say that he is capable of tuning a Piano as near to perfection as it is possible for a Piano to be tuned; but the greatest recommendation for him is the unusual length of time which his Pianos remain in tune. I have never, either in Europe or America, seen a man whom I would so cheerfully and with so much confidence employ to tune or regulate a Piano Forte as Mr. Hurlbut, and as cheerfully recommend him to all who want Pianos tuned.

☞ The opinion of a Lady who knows Frank M. Wever and has bought goods at

WEVER'S
DRY GOOD PALACE
AND
CARPET ROOMS!

Come to the Palace, oh come there with me,
Where Fashion, and splendor, still holds her leve—
And modestly tells you that Beauty is sold,
To youth, or to age, in exchange for their gold;
And their Lady-like charms through life may prolong,
In robes like a Queen's, which sell for a song.
They've shawls for the taste, and shawls for the storm,
They've cloaks which fall softly, so rich, and so warm,
They've carpets of Wilton, of Velvet, and Brussels
They've laces, and 'broideries, ribbons, and tassels,
They've sombre hued goods, for the weeping, and sad,
They've sade like the sunshine, for merry and glad,
They've fabrics for millions, and hold their levee,
For those who pay tribute, or come but to see,
If Palace of Dry Goods, so wonderous grand,
Can be aught but a fable, of old Fairyland;
But those who know Wever, can't doubt for a minute
This glorious Palace, and all that is in it. C. H. G.

Now I blush indeed I do, what modest married man would not? Yet I console myself with the idea that beauty always pays tribute to worth and merit. Thanking sincerely yet humbly my fair contributor, I trust to her honesty, uprightness and my gentlemanly [illegible] to command her respect. F. M. WEVER,

HOW TO RAISE MELONS,
And how to Preserve the Plants when young, from Bugs and Worms.

To Farmers.

I WOULD call your attention to a subject which may interest many of you, and is of considerable importance to you all, which is, the culture of the Water Melon. I have made this my sole business for several years—believing that if I succeeded in growing this desirable and delicious fruit, and making it, by culture and choice of soils best adapted to its growth, as sure as that of other crops, and also to secure it against its enemies—the little yellow and striped bug, and the corn or cut worm, I should accomplish a much-to-be-wished-for task.

I am now gratified to be able to announce to you my

COMPLETE SUCCESS.

One of the causes of the failure of the Melon crop, is on account of the bugs and worms, (of which, probably, you have all had sad experience.) I have succeeded in securing the plants against these pests, as safely as though they were not in existence, and in a manner, too, perfectly in accordance with nature. I have experimented rather largely on the old system of preventing the bugs from destroying the plants; but discovered that the plans adopted, if anything near effectual, would injure the plant, or was too expensive. I adopted an entirely new method, which is this: I watched the habits of the bugs, in order to discover what food they preferred. When I discovered this, I gathered the seeds of this plant and planted them between every second or third row of melons. The bugs abandoned the melons for this plant, and they were left to grow as safely as though the bugs were not in existence. The expense is but trifling—being about two hours' work on an acre. The method of securing the plant against the corn worm is quite as simple.

It is not necessary to say more on this subject: but I now offer you the direction for the highest culture of the Water and Musk Melon, and the secret of protecting them from their enemies; and also a sample of FIVE VARIETIES OF THE WATER AND MUSK MELON SEEDS, which are, I believe, (viewing them in all their qualities,) the best grown in the United States. Three of the Water and two of the Musk Melons; one of the latter being a nutmeg or cantelope variety. The Water Melons are so selected that they succeed each other in ripening about two weeks; one of them ripens about two weeks earlier than any that I have ever seen. This early melon can be grown as far north as any corn can be grown, for it is a rapid grower and a profuse bearer, and the best melon I ever saw or enjoyed the pleasure of eating. I have been to considerable expense in experimenting, and in the selection of the choicest varieties of seed, and also the expense of advertising to acquaint you with these facts, and I cannot do it without a price.

Farmers, I know this is valuable, and I believe that you want it; and I cannot charge you less than a dollar. Gentlemen, you that want this, send along your orders—enclose a dollar, and you will receive in return the secret for protecting the plant from its enemies—the seed, and the directions for their highest cultivation.

If I do not receive a sufficient number of orders to reward me handsomely, I will reserve the right to return every man his dollar instead of the directions. I would say to those persons who have forwarded their orders, that they will receive the directions in good time for planting, or receive back their money. Address

MR. SILAS C. HERRING—

Dear Sir:—The safe I bought of you, nearly two years since, has "turned up" all right. We dug it from the ruins in the cellar yesterday. The safe was in the back part of the fourth story of "Totterall's Building," corner of Fifth and Chestnut streets, in the height of the fire of the 15th inst., and fell with the burning timbers a distance of 40 feet. It contained all my books and papers. Not a thing was saved on my premises except the contents of your safe, which effectually resisted all the "the fury of the flames." I am now using the same books and papers.

NOTICE TO ICE CONSUMERS.

THE UNDERSIGNED, the oldest ICE trader in the City of Milwaukee, would inform the Public that he, as usual, will cut his Ice in the neighborhood of the Harbor, in order to procure the clearest and best Ice; and also that he will place around the holes which he cuts in the ice, blocks of Ice as a fence, that everybody may be warned from danger. The cutting will commence about the First of January.

If the Common Council will appoint an overseer, I should have no objection, and I would even pay the expenses, should it be required.

I am confident that the Public will appreciate my endeavors to serve them with the best Ice, at the same time guarding them from danger.

Helmbold's Genuine Preparations.

HELMBOLD'S HIGHLY CONCENTRATED
COMPOUND FLUID EXTRACT BUCHU,

FOR DISEASES OF THE BLADDER and Kidneys, Secret Diseases, Strictures, Weakness, and all diseases of the sexual organs, whether in male or female, from whatever cause they may have originated, and no matter of how long standing.

If you have contracted the terrible disease which, when once seated in the system, will surely go down from one generation to another, undermining the constitution and sapping the very vital fluids of life, do not trust yourself in the hands of quacks, who start up every day in a city like this, and fill the papers with their glaring falsehoods, too well calculated to deceive the young, and those not acquainted with their tricks. You cannot be too careful in the selection of a remedy in these cases.

The Fluid Extract Buchu has been pronounced by eminent physicians the greatest remedy ever known. It is a medicine perfectly pleasant in its taste, and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of this dreadful disease; and unlike other remedies, does not dry up the disease in the blood.

Constitutional debility brought on by self abuse, a most terrible disease, which has brought thousands of the human race to untimely graves, thus blasting the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a noble youth, can be cured by this infallible remedy. And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found acting both as a cure and preventative.

HELMBOLD'S HIGHLY CONCENTRATED
Compound Fluid Extr. Sarsaparilla

For purifying the blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an impure state of the blood, and the only reliable and effectual known remedy for the cure of scrofula, salt rheum, scald head, ulcerations of the throat and legs, pains and swellings of the bones, tetter, pimples on the face, and all scaly eruptions of the skin.

This article is now prescribed by some of the most distinguished physicians in the country, and has proved more efficient in practice than any preparation of Sarsaparilla yet offered to the public. Several cases of secondary syphilis, mercurial and scrofulous diseases, have entirely recovered in the incurable wards of our public institutions, which had for many years resisted every mode of treatment that could be devised. These cases furnish striking examples of the salutary effects of this medicine in arresting some of the most inveterate diseases after the glands were destroyed and the bones already affected.

NOTICE.—Letters from responsible physicians and professors of several medical colleges, and certificates of cures from patients, will be found accompanying both preparations.

PRICES.—Fluid Extract of Buchu, $1 per bottle, or six bottles for $5. Fluid extract of Sarsaparilla, $1 per bottle, or six bottles for $5—equal in strength to one gallon of syrup of sarsaparilla.

Prepared and sold by H. T. HELMBOLD, Chemist, 263 Chestnut-st., near the Girard House, Philadelphia.

To be had of [illegible] and of druggists and dealers everywhere.

All letters directed to Proprietor or Agent receive immediate attention.
